- ★ Strong Academics
- ★ Stimulating Environment
- ★ Focus on Values
- ★ Empowering Teachers
- ★ Empowering Parents
- ★ Empowering Society

## ★ Background

**Late  
Shri Srinand Chamoli**  
Founder

SDPS – Sampati Devi Public School is situated in Raiwala village of Dehradun District. The school that began with 135 children in 1994 on a borrowed capital of 2000 rupees, today has over 600 students from Nursery to Class VIII in the current session. SDPS founder Late Shri Srinand Chamoli was inspired by the teachings of Mahatma Gandhi and Sant Vinoba Bhave. He started SDPS with vision to inspire generations of children to become socially motivated and conscious citizens of India and the world. His motto "Tamso Maa Jyotirgamaya" has been the school's greeting from the beginning. SDPS children are taught the value of 'Vasudhaiv Kutumbakam', or the 'Earth is but One Country and Mankind its Citizens'.

## ★ Our Principal

Our Principal Mrs. Saraswati Chamoli is the enlightened source who leads us with a single-minded dedication towards our goals. With a deep-rooted commitment to education, Mrs. Chamoli believes in providing her children with the cutting edge in technology along with a strong foundation in life skills. Over the years, she effortlessly played different roles in the form of a guide, parent, friend and mentor as per the needs of her learners and faculty. With a wide range of experience, first as a Principal at SCBP School Tehri then as the Founder Head of Best Sky School of Computer Education. She has successfully introduced and implemented radical innovations with her comprehensive know-how in technology and education.

## ★ Our Facilitators

We understand that a teacher introduces the learners to success. SDPS has an excellent team of professional and highly-qualified faculty who are determined to enlighten the lives of our learners. Passionate, creative and innovative individuals with excellent communication skills and fire in their bell, the teachers are partner in the progress of learners and institution at large.

## ★ Strong Academics

### Goals 3E's

### ► Joyful Pre-Primary Years

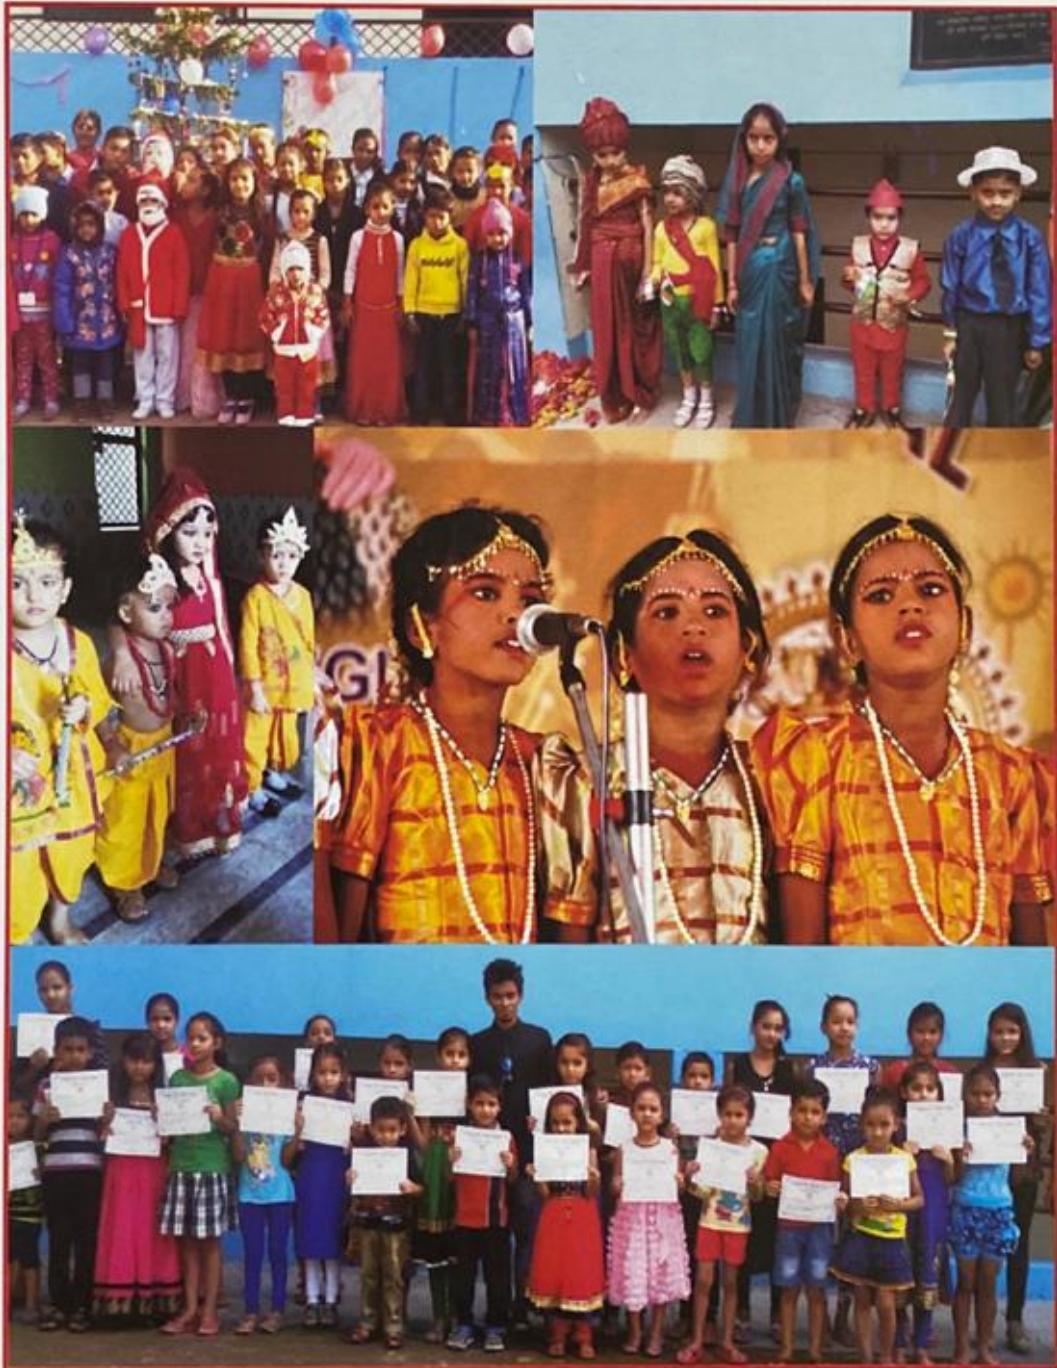

► Encouragement | ► Environment | ► Example of Adults

SDPS focuses on six aspects of learning that provide a comprehensive framework for a child's development at the pre-primary level:

1. Personal, social and emotional development
2. Communication, language and literacy
3. Problem solving, reasoning and numeracy
4. Physical development
5. Creative development
6. Knowledge and understanding of the world

SDPS is primarily a school for the young child with more than three-fifth of its students below the age of 11. SDPS believes that the content of education of a young child greatly determines a child's mind set and personality and ultimately his future success. The SDP School environment is engaging and responsive to a child at each stage of development.

Children perform better in an inspiring environment. SDPS creates a climate of encouragement to facilitate the all-round development of every child. The school provides a joyful and peaceful environment.

## ★ Event for Pri-primary

- ★ Inter-school Annual Kids Bonanza
- ★ Annual Sports Days
- ★ Art and craft fairs
- ★ Cultural Events
- ★ Modal Class Presentations
- ★ Mother's Day
- ★ Grand Parent's Day

## ★ Strong Academics

► Empowering Primary Years

### Goals-3 C's

► Confidence | ► Competency in the Core-Subjects | ► Caring and Compassion

Our mission is to provide a joyful learning environment that empowers primary aged children and develops their self-confidence and competency in the core subjects.

SDPS seeks to create a stimulating learning environment that both supports and challenges the individual child.

As the grow, children develop the qualities of hard work, good manners and self-discipline. Most importantly, they come out as self-assured and confident.

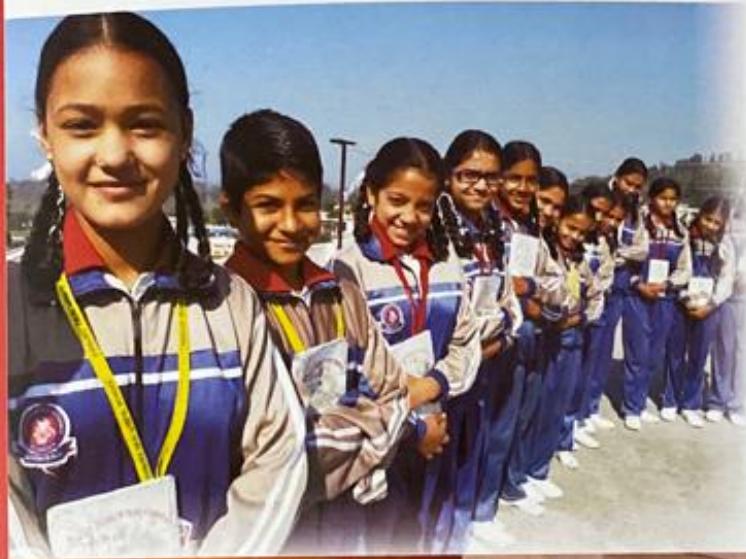

## ★ Strong Academics

### Goals – 4 E's

### ► Inspiring Junior Years

► Expression | ► Exposure | ► Exchanges | ► Events

Students of the 11-14 years age group are emerging as junior youth and curious young adolescents. They need plenty of academic stimulation and intellectually challenging material. The foundations of solid learning laid here set the stage for academic success in the senior years.

We set high but feasible learning goals, and support weak students so that children learn with understanding.

Highly qualified and experienced teachers, who are regularly given in-service training and CPD (Continuous Professional Development), ensure the use of best pedagogic techniques. Students' interest in academic work is excited by the use of ICTs, including the use of White Boards. Almost every classroom in SDPS has an LED TV or Interactive White Boards.

SDPS creates a stimulating learning environment that both supports and challenges the individual student. Our school promotes a safe, orderly, caring and supportive environment.

## ★ Focus on Values

### Junior Youth Empowerment Programme (JYEP)

The period between the age of 12 to 15 (Junior youth) represents a special time where physical, emotional, intellectual and behavioral changes take place. Junior youth are observant and often question the world around them. The junior youth Empowerment Programme (JYEP) assists them in recognizing the moral issues underlying everyday decisions, besides empowering them to channel energies towards strengthening their own character and serving their nearby communities.

### A Clear Agenda

SDPS makes strenuous effort to make every child a light of the world by inculcating the values of hard work good manners, self-discipline, focusing on spiritual, moral, intellectual, social, emotional and physical development. Academic excellence is only one of the goals. We teach commitment to service.

SDPS develops a sense of public spiritedness, social responsibility and respect for others, as well as an awareness of one's own selfworth and uniqueness. SDPS education revolves around the twin poles of Godliness and Globalism.

Children are helped to see themselves both as Citizens of India and also as World Citizens. The whole world is their home and they are equipped with the attitudes to work successfully in the global labour market in any country world wide.

## ★ Empowering Parents

### Partnership between School and Parents :

To strengthen the link between school and parents, SDPS has initiated various schemes and programme. Home visits by SDPS teachers-guardians have been very effective in fostering a strong bond between school and home as well as between teachers and their students. In an effective partnership, there is consistency of communication between the school and the home. The school review/Evaluations in previous involved the participation of parents.

### Parents' Participation in Events

SDPS offers numerous opportunities for the involvement of parents in their children's education. Parents' participation in SDPS events brings the school and the home closer together. Through parent teacher meetings, mothers' day, grand parents' day and meaningful cultural items on good parenting and on being dutiful children, the family is involved deeply in the process of its children's education.

## ★ Empowering Society

### Environment Education and Activities

With the strong conviction that students and the school fraternity play the most significant role in transforming self and working for preserving environment, SDPS hosts various programme.
